

PRESS RELEASE

CHARTER FOR THE AXA GROUP'S GLOBAL HEALTH AND WELL-BEING PROGRAMME

On November 18, 2020, Thomas Buberl, Chief Executive Officer of AXA and Hedi Ben Sedrine, Secretary of the AXA Group European Works Council, jointly signed a charter for a global health and well-being programme for all AXA Group employees.

This programme will be rolled out from January 2021 in all countries where AXA is present.

As part of this programme, employees will benefit from a regular health check-up, health prevention and awareness days, an annual flu vaccination and a 24/7 psychological assistance and support programme, free of charge.

The Group's management, which is committed to social dialogue, wished the AXA European Works Council to be involved in the implementation of this programme in all Group entities. This implementation will be monitored by the European Works Council.
